## Party Perfect <br> Making Your Party... "Perfect" www.partyperfect.com 804-359-2400 <br>  <br> What size DANCE FLOOR do I need?

The basic rule of thumb to keep in mind when determining dance floor size is that usually about $50 \%$ of your guests will dance at any given time. That being said, you know your guests best-consider what type of crowd will be attending and decide whether they're the type to dance the night away or if they're more likely to enjoy lively conversations in the lounge or at their tables.
Guest Count* Dancers* Square Footage Floor Size**

| $\mathbf{2 5}$ | 10 | 64 | $8^{\prime} \times 8^{\prime}$ |
| :---: | :---: | :---: | :---: |
| $\mathbf{5 0}$ | 15 | 96 | $8^{\prime} \times 12^{\prime}$ |
| 75 | 25 | 144 | $12^{\prime} \times 12^{\prime}$ |
| $\mathbf{1 0 0}$ | 30 | 192 | $12^{\prime} \times 16^{\prime}$ |
| $\mathbf{1 2 5}$ | 45 | 256 | $16^{\prime} \times 16^{\prime}$ |
| $\mathbf{1 5 0}$ | 50 | 320 | $16^{\prime} \times 20^{\prime}$ |
| $\mathbf{2 0 0}$ | 65 | 400 | $20^{\prime} \times 20^{\prime}$ |

| $\mathbf{2 5 0}$ | 80 | 480 | $20^{\prime} \times 24^{\prime}$ |
| :--- | :--- | :--- | :--- |
| $\mathbf{2 7 5}$ | 100 | 576 | $24^{\prime} \times 24^{\prime}$ |
| $\mathbf{3 2 5}$ | 115 | 672 | $24^{\prime} \times 28^{\prime}$ |
| $\mathbf{4 0 0}$ | 130 | 784 | $28^{\prime} \times 28^{\prime}$ |
| $\mathbf{4 5 0}$ | 150 | 896 | $28^{\prime} \times 32^{\prime}$ |
| $\mathbf{5 0 0}$ | 175 | 1024 | $32^{\prime} \times 32^{\prime}$ |

* Counts rounded. ${ }^{* *}$ This is the minimum size recommended.

Additionally, we recommend dance space be kept separate from seating space. You don't want to hold up the fun while someone is enjoying their meal.
